in as a man who has done great things for the state. But when challenged to support d him in Gregon and at Washington, and

etense, as he has not appeared in an Oregon part for years. He is a tramp among us and source, of good saddress and aphtle copping three best before and since his retirement from the septing to which he was elected before his indice, septing the winds he was elected before his indice, septing the winds he was elected before his indice, septing the winds and the septing the septing winds around on hire for any lob that character was exposed, on hire for any job that

his real calling of lobbyist by public parade as lawyer. The people do not want him.

THE PILOT BILL The bill to regulate pilotage on the Columbis and Williamotte rivers, an abstract of which we printed a few days ago, has been introduced in the house and stands first on the list. Its mover was Sharp of Clackamas, who will take a personal interest in gesting it through. A similar bill before the legislature at the last seesion falled through opposition. m the interior of the state. It was feared. by many of the valley members that It was a oh in the interest of the grab-game manager at the month of the Columbia, and without at the mogth of the Columbia, and without sufficient study it was, killed. The new menture was prepared by Judge Matthew P. Deady at the request of the beard of trade, and ifs purpose is to aid commerce. And just to the extent that proper ragulations, such as the hill provides, aid commerce will it sid the producers of the state. Beduction in tonnage rates and in pilot and other charges adds to the price of wheat. The hill count to mass.

the price of wheat. The bill ought to pass.

There is great need of a five bon along the the Oregon Railway and Navigation Company fit up one of their old steamers for that purpose with a monster pump, such as they for-morly had at Cellio. They will soon have ex-tensive coal bunkers and warehouses below tensive coal bunkers and warehouses below Albina, out of reach of the department, and the fire boat would serve the double purpose of protecting property on both sides of the river. No doubt owners of wharves all along the cytroni would not besiture to make a regular allowance. Should a fire like that at the foot of A street, six weeks ago, special to docks, such a library would be worth a whole fire brigade. She could be kept under constant stoam and nivide partially self-a-stating by towing a seads from one dock to another. The supposition of a goodrone. The fever of revolt has again seized n hop-

poor Poru, and she is endeavoring to ise against her Chilian conquerors. These effects are made necessarily remote from the capatal are made necessarily remote from the capsular and entres of population where the Chilians and centres of populations. They are formed in the mountain districts, and partisks of the character of guerrilla or partisks, and prepared to the first points that they have prepared to the first points street, and respectfully ask a century of the property of the character of partings by old and trailing new customes. that such a state of hostility could be indefi-untely protracted, but whether the Peruvian,

sources of good address and subtle cunning have been before and since his retirement from

THE PHOT BILL The bill to regulate pilotage on the Colum smette rivers, an abstract of bia and Williamette rivers, an abstract of which we printed a few days ago, has been in-troduced in the house and stands first on the list. Its mover was Sharp of Clackanas, who will take a personal interest in getting it through. A similar bill before the legislature at lie last session failed through opposition from the interior of the state. It was feared by many of the valley members that it was a by many of the valley members that it was a job in the interest of the gral-game manager at the mouth of the Columbia, and without sufficient study it was killed. The new measure was prepared by Judge Matthew P. Deadwat the request of the beard of trade and its purpose is to ad commerce. And just to the purpose is to aid commerce. And just to the extent that proper regulations such as the bill provides, aid commerce will it aid the producers of the state. Beduction in tomage

There is great need of a fire boat along the There is great need of a fire load atong the city front, and it has been suggested to us that the Oregon Railway and Navigation C mpany it up one of their old steamers fr that pir pose with a monster pump such as they fr morely had at Celulo They will soon have exmerly had at Cellio. They will soon nave ex-tensive coal bunkers and warehouses below Albins out of reach if the department and the fire bont would serve the double purpose of protecting property on both sides of the river No doubt owners of wharves all along the city front multisgreen the expense and the crime i front would state the expense and the come I would not heattate to mark a regular a lowance should a fire like that if the foor f A street have been a companied as a small of the state of the street works and something the state of the s bhould a fire like that if the fine of A street six weeks $a_{p,k}$ spirely of leta so here it would be worth a whole up to just so she could be kept up for each stop stop in him all partially self-she many $b_{p,k}$ to self for the different different and the first dif
